JO ANN BOOS, CPA, PSA
ABHISHEK K. HODULIK, CPA, PSA
Honorable Mayor and Members
of the Borough Council
Borough of Pennington
County of Mercer, New Jersey

We have audited the accompanying balance sheets – regulatory basis of the various funds of the Borough of Pennington as of December 31, 2009 and 2008 the related statements of operations and changes in fund balance-regulatory basis for the years then ended and the related statement of revenues – regulatory basis and statement of expenditures – regulatory basis of the various funds for the year ended December 31, 2009. These financial statements are the responsibility of the Borough's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Except as discussed in the third and fourth paragraphs, we conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The financial statements referred to in the first paragraph include the Statement of Governmental Fixed Assets. As disclosed in Note 2 to the financial statements, the Statement of Governmental Fixed Assets is unaudited and represents 100 percent of the assets of the governmental fixed asset group.

The financial statements and schedules referred to in the first paragraph include the assets and reserves of the Borough's Length of Service Award Program, which is unaudited. The Length of Service Award Program is included in the Trust Funds.

As more fully described in Note 2, these financial statements – regulatory basis were prepared in conformity with accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrate compliance with the modified accrual basis, with certain exceptions, and the budget laws of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. These prescribed principles are designed primarily for determining compliance with legal provisions and budgetary restrictions, and as a means of reporting on the stewardship of public officials with respect to public funds. Accordingly, the accompanying financial statements are not intended to present financial position and results of operations in accordance with accounting principles generally accepted in the United States of America.

In our opinion, because the prescribed regulatory basis of accounting as described in the preceding paragraph is utilized by the Borough of Pennington, County of Mercer, New Jersey for the purpose of financial statement preparation, the financial statements referred to above do not present fairly, in conformity with accounting

principles generally accepted in the United States of America, the financial position of the Borough of Pennington, County of Mercer, New Jersey as of December 31, 2009 and 2008 or the results of its operations, or cash flows of its proprietary fund type for the year then ended.

However, in our opinion, except for the effects of such adjustments, if any, as might have been determined had we audited the Statement of Governmental Fixed Assets, the financial statements – regulatory basis referred to above present fairly, in all material respects, the financial position – regulatory basis of the various funds of the Borough of Pennington, County of Mercer, New Jersey as of December 31, 2009 and 2008 and the results of operations and changes in fund balance – regulatory basis of such funds for the years then ended and the statement of revenues – regulatory basis and statement of expenditures – regulatory basis of the various funds for the year ended December 31, 2009 on the basis of accounting described in Note 2.

In accordance with *Government Auditing Standards*, we have also issued a report dated September 7, 2009 on our consideration of the Borough of Pennington’s internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was performed for the purpose of forming an opinion on the financial statements of the Borough of Pennington, County of Mercer, New Jersey taken as a whole. The information included in the supplementary data and schedules listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements of the Borough of Pennington, County of Mercer, New Jersey. Such information contained in the Supplementary Data and Supplementary Schedules has been subjected to auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated in all material respects to the financial statements taken as a whole.

The information included in the supplementary data and schedules listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements of the Borough of Pennington, County of Mercer, New Jersey. Such information contained in the Supplementary Data and Supplementary Schedules has been subjected to auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated in all material respects to the financial statements taken as a whole in accordance with the prescribed regulatory basis of accounting more fully described in Note 2.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Mayor and Members
of the Borough Council
Borough of Pennington
County of Mercer, New Jersey

We have audited the financial statements of the Borough of Pennington as of and for the year ended December 31, 2009, and have issued our report thereon dated September 7, 2009. The Borough of Pennington prepares its financial statements in conformity with accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our report expressed a qualified opinion on the financial statements in conformity with this regulatory basis because we did not audit the Statement of Governmental Fixed Assets. Our report also expressed a modified opinion on the conformity of the financial statements to accounting principles generally accepted in the United States of America, due to the differences between those principles and the prescribed regulatory basis which is more fully described in Note 2. Except as discussed above, we conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Borough of Pennington's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough of Pennington's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Borough of Pennington's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough of Pennington's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

We noted certain matters, including matters of control deficiencies, which we reported to the Borough in the General Comments section of this report.

This report is intended solely for the information and use of the Mayor and Borough Council, management and Division of Local Government Services and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REVIEW REPORT

Honorable Mayor and Members
of the Borough Council
Borough of Pennington
County of Mercer, New Jersey

We have reviewed the accompanying statement of assets, liabilities and net assets of the Borough of Pennington Length of Service Award Program (LOSAP) as of December 31, 2009, and the related statement of revenues, expenses and other changes in net assets for the year then ended, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. All information included in these financial statements is the representation of the administration of the Borough.

A review consists primarily of inquiries of the administration of the Borough and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with auditing standards generally accepted in the United States of America, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

The Length of Service Award Program is a Borough sponsored program and has no separate legal status or existence. The program prepares its financial statements in conformity with the accounting principles and practices prescribed by the Division of Local Government Service, Department of Community Affairs, State of New Jersey, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with the basis of accounting described in the note.

BOROUGH OF PENNINGTON
MERCER COUNTY, NEW JERSEY

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2009 AND 2008

Note 1: FORM OF GOVERNMENT

The Borough of Pennington operates under the legislative authority of N.J.S.A. 40A: 60-1 et seq., which provides for the election of a mayor to serve a term of four years and a council of six members serving three year terms. At its annual meeting, the council elects a president of the council who shall preside at all its meetings when the mayor is not present. The mayor is the head of the municipal government and the council is the legislative body. The Borough has adopted an administrative code, which provides for the delegation of a portion of executive responsibilities to an administrator and the organization of the council into standing committees to oversee various Borough activities.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Except as noted below, the financial statements of the Borough of Pennington include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Borough of Pennington, as required by N.J.S.A. 40A: 5-5. Accordingly, the financial statements of the Borough of Pennington do not include the operations of the free public library, first aid organization or fire company district.

B. Description of Funds

The accounting policies of the Borough of Pennington conform to the accounting principles applicable to municipalities, which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough of Pennington accounts for its financial transactions through the following separate funds:

Current Fund - resources and expenditures for governmental operations of a general nature, including Federal and State grant funds, except as otherwise noted.

Trust Fund - receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created. Pursuant to the provisions of N.J.S.A. 40A: 4-39, the financial transactions of the following funds and accounts are reported within the Trust Fund:

- Animal Control Trust Fund
- Unemployment Compensation Insurance Trust Fund
- Disposal of Forfeited Property (P.L. 1985, Ch. 135)
- Developer's Escrow Fund
- Uniform Fire Safety Act - Penalty Monies (N.J.S.A. 52:27D-192 et seq.)
- Recreation Program
- Outside Employment of Off-Duty Municipal Police Officers
- Public Defender Fees
- Open Space Trust Fund

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D):

B. Description of Funds (Cont'd.)

General Capital Fund - resources, including Federal and State Grants in aid of construction, and expenditures for the acquisition of general capital facilities, other than those acquired through the Current Fund, including the status of bonds and notes authorized for said purposes.

Water and Sewer Utility Fund - resources and expenditures for the operations and acquisition of capital facilities of the municipally owned Water and Sewer Utility.

Governmental Fixed Assets - the General Fixed Asset Account Group is used to account for fixed assets used in governmental fund type operations for control purposes. All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available or any other reasonable basis, provided such basis is adequately disclosed in the financial statements. Donated fixed assets are valued at their estimated fair value on the date of donation. No depreciation is recorded on general fixed assets.

Payroll Fund - status of funds transferred to separate accounts for the purpose of paying net payrolls to employees and payroll deductions and employer contributions to the various taxing authorities and payroll agencies.

The Governmental Accounting Standards Board (GASB) is the accepted standards-setting body for establishing governmental accounting and financial reporting principles. The current format for governmental financial reporting was established in GASB Statement 34, "Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments". Codification of Governmental Accounting and Financial Reporting Standards recognizes three fund categories and two account groups as appropriate for the accounting and reporting of the financial position and results of operations in accordance with generally accepted accounting principles. This structure for external financial reporting differs from the organization of funds prescribed under the regulatory basis of accounting utilized by the Borough. The resultant presentation of financial position and results of operations in the form of basic financial statements is not intended to present the general purpose financial statements required by GAAP.

C. Basis of Accounting

The basis of accounting as prescribed by the Division of Local Government Services for its operating funds is generally a modified cash basis for revenue recognition and a modified accrual basis for expenditures. The operating funds utilize a "current financial resources" measurement focus. The accounting principles and practices prescribed for municipalities by the division differ in certain respects from generally accepted accounting principles (GAAP) applicable to local government units. The most significant is the reporting of entity-wide financial statements, which are not presented in the accounting principles prescribed by the Division. The more significant differences are as follows:

Revenues - Revenues are recorded as received in cash except for statutory reimbursements and grant funds, which are due from other governmental units. State and Federal grants, entitlements and shared revenues received for operating purposes are realized as revenues when anticipated in the Borough's budget. Receivables for property taxes and water and sewer consumer charges are recorded with offsetting reserves within the Current Fund and Water and Sewer Utility Fund, respectively. Other amounts that are due to the Borough which are susceptible to accrual are recorded as receivables with offsetting reserves. These reserves are liquidated and revenues are recorded as realized upon receipt of cash. GAAP requires the recognition of revenues for general operations in the accounting period in which they become available and measurable, with the exception of water and sewer charges, which should be recognized in the period they are earned and become measurable.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D.)

C. Basis of Accounting (Cont'd.)

Expenditures - For purposes of financial reporting, expenditures are recorded as "paid or charged" or "appropriation reserves". Paid or charged refers to the Borough's "budgetary" basis of accounting. Generally, these expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the encumbrance accounting system. Reserves for unliquidated encumbrances at the close of the year are reported as a cash liability. Encumbrances do not constitute expenditures under GAAP. Appropriation reserves refer to unexpended appropriation balances at the close of the year. Appropriation reserves are automatically created and recorded as a cash liability, except for amounts, which may be cancelled by the governing body. Appropriation reserves are available until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred and not recorded in the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Generally, unexpended balances of budget appropriations are not recorded as expenditures under GAAP. For the purpose of calculating the results of Current Fund operations, the regulatory basis of accounting utilized by the Borough requires that certain expenditures be deferred, and raised as items of appropriation in budgets of succeeding years. These deferred charges include the two general categories of overexpenditures and emergency appropriations. Overexpenditures occur when expenditures recorded as "paid or charged" exceed available appropriation balances. Emergency appropriations occur when, subsequent to the adoption of a balanced budget, the governing body authorizes the establishment of additional appropriations based on unforeseen circumstances or for other special purposes as defined by statute. Overexpenditures and emergency appropriations are deducted from total expenditures in the calculation of operating results and are established as assets for Deferred Charges on the Current Fund balance sheet. GAAP does not permit the deferral of overexpenditures to succeeding budgets.

In addition, GAAP does not recognize expenditures based on the authorization of an appropriation. Instead, the authorization of special purpose expenditures, such as the preparation of tax maps or revaluation of assessable real property, would represent the designation of fund balance.

New Jersey statutes require municipalities to provide annual funding to Free Public Libraries through the Current Fund Budget. Amounts paid on behalf of the Free Public Library or transferred to the custody of the Library's management are recorded as budgetary expenditures of the Borough, notwithstanding the fact that the Library is recognized as a separate entity for financial reporting purposes. Under GAAP, the Library would be recognized, as a "component unit" of the Borough, and discrete reporting of the Library's financial position and operating results would be incorporated in the Borough's financial statements.

Compensated Absences - The Borough has adopted written policies via employee contracts and municipal ordinances which set forth the terms under which an employee may accumulated earned, but unused, vacation and sick leave, establishes the limits on such accumulations and specifies the conditions under which the right to receive payment for such accumulations vests with the employee. The Borough does not generally permit accumulated leave to be compensable upon separation from service. The Borough records expenditures for payments of earned and unused vacation and sick leave in the accounting period in which the payments are made. GAAP requires that expenditures be recorded in the governmental (Current) fund in an amount that would normally be liquidated with available financial resources, and that expenditures be recorded in the enterprise (Water and Sewer Utility) fund on a full accrual basis.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D.)

C. Basis of Accounting (Cont'd.)

Property Acquired for Taxes - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. GAAP requires such property to be recorded in the general fixed asset account group at the lower of cost or fair market value.

Sale of Municipal Assets - Cash proceeds from the sale of Borough owned property are reserved until utilized as an item of anticipated revenue in a subsequent year budget. Year-end balances of such proceeds are reported as a cash liability in the Current Fund. GAAP requires that revenue be recognized in the accounting period that the terms of sales contracts become legally enforceable.

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves, which are created by charges to operations. Income is recognized in the accounting period the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

Inventories of Supplies - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets, with the exception of the Water and Sewer Utility Fund. Inventories for the respective years are presented on the balance sheet of the Water and Sewer Utility Fund for information purposes only. These inventories were not considered in the cost of operations for the respective years and were not audited as part of this report. The value was determined by management and accepted as presented to us.

Fixed Assets - Property and equipment purchased by the Current and General Capital Funds are recorded as expenditures at the time of purchase and are not capitalized. Property and equipment purchased by the Water and Sewer Utility Fund are recorded in the capital account at cost and are adjusted for disposition and abandonments. Contributions in aid of construction are not capitalized. The balances in the Reserve for Amortization and Deferred Reserve for Amortization accounts in these utility capital funds represent charges to operations for the costs of acquisitions of property, equipment and improvements. The utilities do not record depreciation on fixed assets. GAAP does not require the establishment of a reserve for amortization for utility fixed assets, but does require the recognition of depreciation of these assets as an operating expense of the utilities.

General Fixed Assets - Technical Accounting Directive No. 85-2, issued by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, established a mandate for fixed accounting by municipalities, effective December 31, 1985. Assets acquired through that date were to be valued based on actual costs, where available, and other methods, including current replacement values and estimated historical costs. Assets acquired subsequent to December 31, 1985 were required to be valued based on actual costs. Assets having a useful life of more than one year and an acquisition cost of \$5,000.00 or more per unit are required to be capitalized in the general fixed asset account group. Infrastructure assets are excluded from the general fixed asset account group. Depreciation is not recorded in the general fixed asset account group.

The Borough had established a listing of its fixed assets prior to 1998. No additions or deletions to the listing have been made for at least eight accounting periods. The Statement of General Fixed Assets for the year ended December 31, 2009 and 2008, is unaudited.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D.)

C. Basis of Accounting (Cont'd.)

Recent Accounting Standards

GASB issued Statement No. 53, "Accounting and Financial Reporting for Derivative Instruments" in June 2008. This Statement requires that the fair value of financial arrangements called "derivatives" or "derivative instruments" be reported in the financial statements of state and local governments.

GASB issued Statement No. 54, "Fund balance Reporting and governmental Fund Type Definitions" in February 2009. The objective of this Statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied.

GASB issued Statement No. 55, "Hierarchy of Generally Accepted Accounting Principles for State and Local Governments" in March 2009. The objective of this Statement is to incorporate the hierarchy of generally accepted accounting principles (GAAP) for state and local governments into the Governmental Accounting Standards Board's (GASB) authoritative literature.

GASB issued Statement No. 56, "Codification of Accounting and Financial Reporting Guidance Contained in the AICPA Statements on Auditing Standards" in March 2009. The objective of this Statement is to incorporate into the Governmental Accounting Standards Board's (GASB) authoritative literature certain accounting and financial reporting guidance presented in the American Institute of Certified Public Accountants' Statements on Auditing Standards.

GASB issued Statement No. 57, "OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans" in December 2009. The statement establishes standards for the measurement and financial reporting of actuarially determined information by agent employers with individual-employer OPEB plans that have fewer than 100 total plan members and by the agent multiple-employer OPEB plans in which they participate.

GASB issued Statement No. 58, "Accounting and Financial Reporting for Chapter 9 Bankruptcies" in December 2009. This Statement establishes accounting and financial reporting standards for all governments that have petitioned for relief under Chapter 9 of the U.S. Bankruptcy Code or have been granted relief under the provisions of Chapter 9 including governments that enter into bankruptcy and not expected to emerge as a going concern.

The Borough does not prepare its financial statements in accordance with generally accepted accounting principles. Unless these new standards are incorporated into the other comprehensive basis of accounting that is utilized by the Borough through legislation or rulemaking they will not become part of the standards followed by the Borough for financial reporting.

Comparative Data

Comparative data for the prior year has been presented in order to provide an understanding of changes on the Borough's financial position and operations. However, comparative data has not been presented in each of the statements since their inclusion would make the statements unduly complex and difficult to read.

Note 3: DEBT, DEBT SERVICE AND STATUTORY DEBT CONDITION (CONT'D.)

B. Summary of Statutory Debt Condition - Annual Debt Statement (Cont'd.)

Calculation of "Self-Liquidating Purpose"
Water and Sewer Utility Per N.J.S.A. 40A:2-45

2009

The calculation of "Self-Liquidating Purpose" for the Water and Sewer Utility, per N.J.S.A. 40A:2-45 is as follows:

Cash Receipts from Fees, Rents or Other Charges for Year		\$ 1,237,223.44
Deductions:		
Operating & Maintenance Cost	973,536.14	
Debt Service Per Water & Sewer Acct.	<u>223,864.51</u>	
Total Deductions		<u>1,197,400.65</u>
Excess in Revenues		<u>\$ 39,822.79</u>

Deduction of Self-Liquidating Utility Debt for Statutory Net Debt (N.J.S.A. 40A:2-45)

The difference between the excess in revenues for debt statement purposes and the statutory cash basis for the Water and Sewer Utility is as follows:

Excess in Revenues - Cash Basis (D-1)		\$ 60,263.33
Add:		
Capital Improvements	56,000.00	
Refunds of Prior Year Revenues	<u>1,004.79</u>	
		<u>57,004.79</u>
Less:		117,268.12
Unexpended Balance of Appropriation Reserves	<u>77,445.33</u>	
		<u>77,445.33</u>
Excess in Revenues		<u>\$ 39,822.79</u>

	\$ <u>1,465,000.00</u>	\$ <u>245,643.75</u>	\$ <u>1,210,000.00</u>	\$ <u>210,913.75</u>	\$ <u>3,131,557.50</u>

Note 4: DEFERRED COMPENSATION

The Borough of Pennington Deferred Compensation Plan was established pursuant to Section 457 of the Internal Revenue Code and the provisions of N.J.S.A. 43:15B-1. The Plan is an arrangement whereby a public employer may establish a plan and permit its employees to voluntarily authorize a portion of their current salary to be withheld and invested in one or more the types of investments permitted under the governing regulations. The Borough has engaged a private contractor to administer the plan.

Note 5: FUND BALANCES APPROPRIATED

Fund Balances at December 31, 2009 and 2008 were appropriated and included as anticipated revenue in their own respective funds for the year ending December 31, 2009 and 2008 were as follows:

	<u>Balance</u> <u>December 31, 2009</u>	<u>Utilized in</u> <u>2010 Budget</u>	<u>Balance</u> <u>December 31, 2008</u>	<u>Utilized in</u> <u>2009 Budget</u>
Current Fund	\$555,478.68	\$284,323.00	\$521,131.40	\$254,200.00
Water and Sewer Operating Fund	61,753.28	61,750.00	97,935.95	96,446.00

Note 6: DEPOSITS AND INVESTMENTS

State statutes set forth deposit requirements and investments that may be purchased by local units and the Borough deposits and invests its funds pursuant to its policies and an adopted cash management plan.

Deposits

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey, which are insured by the Federal Deposit Insurance Corporation (FDIC) or by any other agencies of the United States that insures deposits or the State of New Jersey Cash Management Fund. New Jersey statutes require public depositories to maintain collateral for deposit of public funds that exceed insurance limits to protect deposits from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five (5) percent of the average daily balance of collected public funds; or if the public funds deposited exceed 75 percent of the capital funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent, to secure the deposits of governmental units.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

NOTES TO FINANCIAL STATEMENTS

Note 6: DEPOSITS AND INVESTMENTS (CONT'D.)

At December 31, 2009 and 2008, the cash and cash equivalents and investments of the Borough on deposit and on-hand consisted of the following:

	<u>2009</u>	<u>2008</u>
Cash (Demand Accts.)	\$2,817,724.90	\$2,356,379.74
Change Funds (On-Hand)	<u>115.00</u>	<u>115.00</u>
Total	<u>\$2,817,839.90</u>	<u>\$2,356,494.74</u>

Based upon GASB criteria, the Borough considers change funds; cash in banks, investments in certificates of deposit and State of New Jersey Cash Management Fund as cash and cash equivalents. At year-end, the carrying amount of the Borough's deposits was 2,817,724.90 and the book balance was \$2,727,829.76. Of the bank balance, \$500,000.00 was covered by Federal depository insurance and \$2,317,724.90 was covered under the provisions of NJGUDPA.

At December 31, 2009, the Borough has implemented the disclosure requirements of Governmental Accounting Standards Board Statement No. 40 "Deposits and Investment Risk Disclosures" (GASB 40) and accordingly the Borough has assessed the Custodial Risk, the Concentration of Credit Risk and Interest Rate Risk of its cash and investments.

- (a) Custodial Credit Risk – The Borough's deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are: uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the depositor-governments name. The deposit risk is that, in the event of the failure of a depository financial institution, the Borough will not be able to recover deposits or will not be able to recover collateral securities that are in possession of an outside party. The Borough's investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the Borough and are held by either: the counterparty or the counterparty's trust department or agent but not in the Borough's name. The investment risk is that, in the event of the failure of the counterparty to a transaction, the Borough will not be able to recover the value of the investment or collateral securities that in possession of an outside party.
- (b) Concentration of Credit Risk – This is the risk associated with the amount of investments that Borough has with any one issuer that exceeds 5 percent or more of its total investments. Investment issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are excluded from this requirement.
- (c) Credit Risk – GASB 40 requires that disclosure be made as to the credit rating of all debt security investments except for obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government. This is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. In general, the Borough does not have an investment policy regarding Credit Risk except to the extent outlined under the Borough's investment policy. The New Jersey Cash Management Fund is not rated.

NOTES TO FINANCIAL STATEMENTS

Note 6: DEPOSITS AND INVESTMENTS (CONT'D.)

- (d) Interest Rate Risk - This is the risk that changes in interest rates will adversely affect the fair value of an investment. The Borough does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from interest rate fluctuations.

As of December 31, 2009, based upon the insured balances provided by the FDIC and NJGUDPA coverage, no amounts of the Borough's bank balance was considered exposed to custodial credit risk.

Investments

New Jersey statutes establish the following securities as eligible for the investment of Borough funds:

1. Bonds or other obligations of the United States of America or obligations guaranteed by the United States;
2. Government money market mutual funds;
3. Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided such obligation bear a fixed rate of interest not dependent on any index or other external factor;
4. Bonds or other obligations of the Borough or bonds or other obligations of school districts of which the Borough is a part and within which the school district is located;
5. Bonds or other obligations having a maturity date of not more than 397 days from the date of purchase that are approved by the Division of Investment of the Department of Treasury for investment by local units;
6. Local government investment pools;
7. Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1997, c. 281 (C.52:18A-90.4); or
8. Agreements for the repurchase of fully collateralized securities, if:
 - a. The underlying securities are permitted investments pursuant to paragraphs (1) and (3);
 - b. the custody of collateral is transferred to a third party;
 - c. the maturity of the agreement is more than 30 days; and
 - d. the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c.236 (C.19:9-41) and for which a master repurchase agreement providing for the custody and security of the collateral is executed.

NOTES TO FINANCIAL STATEMENTS

Note 6: DEPOSITS AND INVESTMENTS (CONT'D.)

New Jersey Cash Management Fund – All investments in the Fund are governed by the regulations of the Investment Council, which prescribe specific standards designed to insure the quality of investments and to minimize the risks related to investments. In all the years of the Division of Investment's existence, the Division has never suffered a default of principal or interest on any short-term security held by it due to the bankruptcy of a securities issuer; nevertheless, the possibility always exists, and for this reason a reserve is being accumulated as additional protection for the "Other Than State" participants. In addition to the Council regulations, the Division sets further standards for specific investments and monitors the credit of all eligible securities issuers on a regular basis. As of December 31, 2009, the Borough had no funds on deposit with the New Jersey Cash Management Fund. Based upon the existing deposit and investment practices, the Borough is generally not exposed to credit risks, custodial credit risks, concentration of credit risks and interest rate risks for its investments nor is it exposed to foreign currency risks for its deposits and investments.

Note 7: ASSESSMENT AND COLLECTION OF PROPERTY TAXES

New Jersey statutes require that taxable valuation of real property be prepared by the Borough Tax Assessor as of October 1 in each year and filed with the County Board of Taxation by January 10 of the following year. Upon the filing of certified adopted budgets by the Borough, Local School District, County and Fire Districts, the tax rate is struck by the board based on the certified amounts in each of the taxing districts for collection to fund the budgets. Pursuant to statute, this process is to be completed on or before May 3, with a completed duplicate of the tax rolls to be delivered to the Borough Tax Collector on or before May 13th.

Tax bills are prepared and mailed by the Collector of Taxes of the Borough annually and set forth the final tax for the tax year. The bill contains a credit for preliminary amounts billed or previously with the balance payable in equal installments on August 1st and November 1st of the tax year. In addition, the property owner receives a preliminary bill for the succeeding year based on one half of the prior year's tax. The preliminary payments are due and payable on February 1st and May 1st. The New Jersey Statutes allow a grace period of 10 days for each payment period and the Borough granted this option to taxpayers. Taxes become delinquent if not paid on the installment dates and become subject to interest penalties of 8% to 18% of the amount delinquent, and if a delinquency (including interest) is in excess of \$10,000.00 and remains in arrears after December 31, an additional flat penalty of 6% may be charged against the delinquency. If taxes are delinquent on or after April 1st of the succeeding year, the delinquent amount is subject to "Tax Sale" which places a tax lien on the property allowing the holder to enforce the tax lien by collection or foreclosure. New Jersey property tax laws establish a tax lien on real estate as of January 1st of the current tax year even though the amount due is not known.

NOTES TO FINANCIAL STATEMENTS

Note 8: PENSION AND RETIREMENT PLANS

Employees of the Borough of Pennington are enrolled in one of two cost sharing multiple-employer public employee retirement systems: the Public Employees Retirement System (PERS) or the Police and Firemen's Retirement System (PFRS). The Division of Pensions in the Department of Treasury, State of New Jersey, administers the PERS and PFRS plans. The plans are funded annually based on the projected benefit method with aggregate level normal cost and frozen initial unfunded accrued liability. The plans, which cover public employees throughout the state, do not maintain separate records for each reporting unit and, accordingly, the actuarial data for the employees of the Borough who are members of the plans are not available. The contributions for the years ended December 31, 2009 and 2008, exclusive of contributions from employees were \$58,093.00 and \$39,349.00, respectively for PERS and \$73,806.00 and \$64,583.00 respectively for PFRS. The contributions for PERS and PFRS for 2010 are \$65,486.00 and \$72,982.00 respectively.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits issues publicly available financial reports that include the financial statements and required supplementary information for PERS and PFRS. These financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295.

Note 9: POST RETIREMENT HEALTH BENEFITS

The Borough of Pennington contributes to the State Health Benefits Program (SHBP), a cost-sharing, multiple-employer defined post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq., to provide health benefits to State employees, retirees, and their dependents. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. In 1976 The Borough of Pennington authorized participation in the SHBP's post-retirement benefit program through a resolution approved by the Council. The Borough of Pennington covers all retirees with the following requirements: fifteen years of service and the age of sixty-two, and twenty-five years of service or a disability retirement. All active full-time employees are covered by the SHBP.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at www.state.nj.us/treasury/pensions/gasb-43-sept2008.pdf.

Funding Policy: Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994. Currently there is no cost-sharing requirement for retirees.

The Borough of Pennington contributions to SHBP for the years ended December 31, 2009 and 2008 were \$45,043.86 and 37,056.24 respectively, which equaled the required contributions for each year.

NOTES TO FINANCIAL STATEMENTS

Note 10: ACCRUED SICK AND VACATION BENEFITS

The code of the Borough of Pennington sets forth the terms under which an employee may accumulate unused benefits. The amount of vacation time that may be accrued and carried forward is generally limited to a single year's benefit. Sick time may be accumulated for use at a later date. Upon separation from service in good standing, employees are entitled to payment for accumulated but unused vacation pay. Accumulated sick pay is not compensable upon separation of service.

Note 11: DEFERRED CHARGES TO SUCCEEDING BUDGETS

Certain expenditures are required to be deferred to budgets of succeeding years. The status of such Expenditures at December 31, 2009 was as follows:

<u>Deferred Charge:</u>	<u>Balance</u> <u>12/31/08</u>	<u>Raised in 2009</u> <u>Budget</u>
Current Fund:		
Reval. Of Property	<u>\$20,000.00</u>	<u>\$20,000.00</u>
Totals	<u>\$20,000.00</u>	<u>\$20,000.00</u>
Grant Fund:		
Expenditure Without Appropriation	<u>\$300,000.00</u>	<u>\$300,000.00</u>

Note 12: RISK MANAGEMENT

The Borough, together with other governmental units, is a member of the Mid Jersey Municipal Joint Insurance Fund (the Fund). The Fund, which is organized and operated pursuant to the regulatory authority of the Departments of Insurance and Community Affairs, State of New Jersey, provides for a pooling of risks, subject to established limits and deductibles. Payments to the Fund are calculated by the Fund's governing board based upon actuarial and budgetary requirements. Each participant in the Fund is jointly and severably obligated for any deficiency in the amount available to pay all claims. The Joint Insurance Fund insures against property damage, general liability, auto liability, equipment liability, law enforcement liability and workers compensation. While additional assessments or premiums can be levied by the Fund to assure payment of the Fund's obligations, no such additional premiums have been necessary as of December 31, 2009. The Fund will be self-sustaining through member premiums, reported as an expenditure in the Borough's financial statements. The Fund contracts for excess liability insurance for property damage, general liability, auto liability, equipment liability, law enforcement liability and workers' compensation. The Borough continues to carry commercial insurance for other risks of loss, principally employee health insurance.

NOTES TO FINANCIAL STATEMENTS

Note 13: COMMITMENTS AND CONTINGENCIES

As at the date of this report the Borough had litigation pending or threatened. The inventory of cases includes claims, which are covered and defended through the Mid Jersey Municipal Joint Insurance Fund (Note 12). On August 10, 2009, the Appellate Division issued an opinion reversing the Tax Court and granting tax exempt status to Presbyterian Homes at Pennington, Inc. for its Stonybrook facility. The Borough has filed a motion for reconsideration and is considering additional actions. However, in the event of an unfavorable outcome, the Borough would be exposed to a claim for a refund of 2002 property taxes in an amount that would be material in relation to the financial statements taken as a whole. Other claims remain unfiled or are in discovery, and neither the likelihood nor the financial impact of adverse results can be assessed at this time.

Note 14: INTERFUNDS

The following Interfund balances remained on the balance sheet at December 31, 2009:

<u>Fund:</u>	<u>Interfund Receivables</u>	<u>Interfund Payables</u>
Current Fund	\$93,113.99	\$0.00
Grant Fund		107,740.00
General Capital Fund	<u>40,000.00</u>	<u>25,373.99</u>
Totals	<u>\$133,113.99</u>	<u>\$133,113.99</u>

Note 15: LEASE OBLIGATIONS

The Borough is obligated under a lease agreement with the State of New Jersey for copiers. Each copier lease has a specified end date. There is an annual lease payment for each copier with an additional charge for overage on the number of copies permitted based on a monthly minimum for each copier. The total amounts of lease payment requirements during 2009 were charged to the 2009 Municipal Budget.

Note 16: SUBSEQUENT EVENTS

The Borough of Pennington issued General Obligation Bonds dated June 1, 2010 in the amount of \$2,514,000.00 consisting of General Improvements Bonds in the amount of \$1,148,000.00 and Water/Sewer Utility Bonds in the amount of \$1,366,000.00. The bonds are due on July 15 for years 2013 thru 2030 at various interest rates.

BOROUGH OF PENNINGTON
LENGTH OF SERVICE AWARD PROGRAM (LOSAP)

NOTES TO UNAUDITED FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2009

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Nature of Activities

The Borough of Pennington Length of Service Award Program (LOSAP) is a qualified plan under Internal Revenue Code Section 457(e) and pursuant to P.L. 1997, c.388. The Borough established the LOSAP Program to reward members of the Pennington First Aid Squad on August 13, 1999 through Ordinance #99-9. LOSAP provides for fixed annual contributions to a deferred income account for volunteer first aid and rescue squad members who meet specified service criteria. LOSAP shall provide for annual contribution to each eligible member that meets the criteria as provided in the LOSAP Point System. The Borough of Pennington sponsors LOSAP through an annual award appropriated through the municipal budget.

B. Basis of Presentation

The accounting policies of the Borough of Pennington (the "Borough"), Length of Service Award Program (LOSAP) (the "Program") conform to the accounting principles and practices prescribed by the division of Local Government Services, department of Community Affairs, State of New Jersey.

C. Description of Program

The Program was created in accordance with the Internal Revenue Code Section 457. The Program is offered to all volunteer members that meet the criteria set by the Borough, and provides for fixed annual contributions for all eligible members. The deferred compensation is not available to volunteer members until termination, retirement, death, or unforeseeable emergency. Earnings of the Program and contributions by the Borough are subject to vesting provisions of the plan and are exempt from income taxes until distribution to the participating volunteers.

The Program is offered by the Borough to the participants through Lincoln Financial Group.

All amounts of compensation deferred under the Program, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights, are (until paid or made available to the volunteer or other beneficiary) solely the property and rights of the Borough (without being restricted to the provisions of benefits under the Program), subject only to the claims of the Borough's general creditors. Participant's rights under the Program are equal to those of general creditors of the Borough in an amount equal to the fair market value of the deferred account for each participant.

NOTES TO UNAUDITED FINANCIAL STATEMENTS

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

C. Description of Program (Cont'd.)

In accordance with standards established by the Governmental Accounting standards Board, the Program balances are displayed in the Trust Fund of the Borough. The Program is tax exempt in Internal revenue Code Section 457.

D. Amount of Contribution

The LOSAP shall provide for annual contributions of a minimum of \$500.00 and a maximum of \$1,150.00 to each eligible member.

NOTE 2: QUALIFICATIONS

The LOSAP shall provide for annual contributions for each eligible member who meets the criteria as follows:

Shall provide for annual contributions of \$1,000.00 to each eligible member who shall be within the top 50% of responders in each volunteer organization.

The estimated cost of the program has been calculated to be \$100,000.00 for regular annual services.

Eligible members will be ranked annually on an organizational list based upon the number of calls responded to. The LOSAP shall provide for annual contributions of \$500.00 to each eligible member who shall be within the top 50% of responders in each volunteer organization. Eligible members shall be those who:

- a) Provide services on an ambulance at least one night a week or an equivalent forty (40) hours a month during weekdays or weekends;
- b) Attend at least fifty (50) percent of all regularly scheduled and special drills/training exercises (not less than twelve (12) a year) averaging two hours each;
- c) Recertify every other year for CPR;
- d) Complete forty-eight (48) hours of New Jersey State approved continuing education credits every three years;
- e) Attend annual refresher courses in hazardous material, infectious disease control and ambulance safety;
- f) Attend annually an EMT-D refresher course;
- g) Attend at least twenty-five (25) percent of all regularly scheduled and special meetings of the squad, missing no more than three in a row.

COMPARISON OF TAX LEVIES AND COLLECTION CURRENTLY

A study of this tabulation could indicate a possible trend in future tax levies. A decrease in the percentage of current collection could be an indication of a probable increase in future tax levies.

<u>Year</u>	<u>Tax Levy</u>	<u>CURRENTLY</u>	
		<u>Cash Collections</u>	<u>Percentage of Collection</u>
2009	\$11,240,055.81	\$ 11,018,994.24	98.03%
2008	10,834,957.27	10,622,752.70	98.04%
2007	10,389,714.62	10,278,768.94	98.93%

DELINQUENT TAXES AND TAX TITLE LIENS

This tabulation includes a comparison, expressed in percentage, of the total of delinquent taxes and tax title liens, in relation to the tax levies of the last three years.

<u>Dec. 31 Year</u>	<u>Amount of Tax Title Liens</u>	<u>Amount of Delinquent Taxes</u>	<u>Total Delinquent</u>	<u>Percentage of Tax Levy</u>
2009	\$0.00	\$153,186.59	153,186.59	1.36%
2008	2,809.52	125,210.91	128,020.43	1.18%
2007	0.00	96,456.05	96,456.05	0.93%

PROPERTY ACQUIRED BY TAX TITLE LIEN LIQUIDATION

The value of property acquired by liquidation of tax title liens on December 31, on the basis of the last assessed valuation of such properties was as follows:

<u>Year</u>	<u>Amount</u>
2009	\$17,810.00
2008	17,810.00
2007	17,810.00

W. Jeffrey Wittkop	Superintendent of Water and Sewer Department/ Department of Public Works		
Van Note Harvey Associates	Borough Engineer		
William Meytroitt	Public Safety Director		
Craig Hubert	Boro Prosecutor		

All of the above bonds were examined and properly executed.

**BOROUGH OF PENNINGTON
COUNTY OF MERCER, NEW JERSEY
FOR YEAR ENDED DECEMBER 31, 2009**

GENERAL COMMENTS

An audit of the financial accounts and transactions of the Borough of Pennington, County of Mercer, New Jersey, for the year ended December 31, 2009, has been completed. The General Comments are herewith set forth:

Scope of Audit

The audit covered the financial transactions of the Finance Department and the other various offices and departments collecting fees within the Borough of Pennington, County of Mercer, New Jersey.

The audit did not and could not determine the character of services rendered for which payment had been made or for which reserves had been established, nor could it determine the character, proper price or quantity of materials supplied for which claims had been passed. These details were necessarily covered by the internal review and control before approval of such claims by the Governing Body. Cash on hand was counted and cash and investment balances were reconciled with independent certifications obtained directly from the depositories. Revenues and receipts were established and verified as to source and amount insofar as the records permitted.

INTERNAL CONTROL MATTERS

In planning and performing our audit of the financial statements of the Borough of Pennington, County of Mercer, New Jersey as of and for the year ended December 31, 2009, in accordance with auditing standards generally accepted in the United States of America, we considered the Borough's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness to the Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses.

A control deficiency exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.

A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control

INTERNAL CONTROL MATTERS (CONT'D)

With respect to the reporting of internal control matters, standards require that only a significant deficiency and/or material weakness need be reported in writing to management and those charged with governance.

The control deficiencies reported are not considered to be significant deficiencies nor material weaknesses. In addition, these control deficiencies are not required to be reported in writing, however, control deficiencies are presented to management and those charged with governance in this report as a means to present those matters identified in review of the Borough's internal controls and as a means to inform management and those charged with governance as to the auditing standards requirements with respect to internal controls.

As indicated below, we identified certain deficiencies in internal control that we consider to be control deficiencies.

Control Deficiencies

A. Segregation of Duties

Utility Collector's Office

Individuals that have the responsibilities and function of cash collections are responsible for the Tax/Water and Sewer Utility receivable subsidiary ledgers.

Other Offices and Officials Collecting Fees

Conditions exist whereby the same individual may collect, record and deposit/remit cash receipts in or for the following offices/departments: Construction Code, Clerk, Police, Recreation, Court and Registrar of Vital Statistics/Board of Health.

The deficiency in internal control was not considered by us to be a significant deficiency. While basic internal control design objectives include the limiting of any individual's control over a transaction from start to finish, the volume of transactions in the various offices does not justify the hiring of additional staff solely to improve internal control. Instead, we suggest that monitoring controls, including analytical procedures and intra-period comparisons, be utilized to identify unexpected changes in transactional levels for further review.

B. Transaction Posting

The computerized data processing system allows for the back dated posting of transactions for those individuals with security rights in the system.

The ability to back post transactions can limit the effectiveness of the data processing system.

GENERAL COMMENTS

Internal Control Over Compliance

A. Fixed Asset Accounting

Technical Accounting Directive 85-2 states that all local units are required to develop and implement an accounting system which assigns values to covered assets and can track additions, retirements and transfers of inventoried assets. The Borough has established a fixed asset accounting system but has not established a system to reflect all additions, retirements and transfers of assets.

A fixed asset accounting system should be in full compliance with N.J.A.C. 5:30-5.6.

Contracts and Agreements Required to be advertised Per N.J.S.A. 40A: 11-4

N.J.S.A. 40A: 11-4 states "Every contract or agreement, for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3, of this act, shall be made or awarded only after public advertising for bids and bidding therefore, except as is provided other wise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate \$21,000.00 except by contract or agreement."

On June 22, 2005, the Local Public Contracts Law was amended, effective for periods beginning on July 1, 2005. The amendments address the bid threshold (Section 7, N.J.S.A. 40A:11-3), thereby increasing the amount to \$21,000.00 under which a contract may be awarded without public advertising. Furthermore, if the Borough's purchasing agent is "Qualified", the Borough may increase the bid threshold to \$29,000.00.

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed \$21,000.00 within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Borough Counsel's opinion should be sought before a commitment is made.

A test of the Borough's purchasing procedures indicates bids were requested by public advertising for the following items as disclosed in the official minutes:

Road Improvements and Repairs; Fuel Tanks and Backhoe

Purchases were also made through state approved vendors for various items available which were permitted under the statutes. The Borough has also utilized interlocal service agreements with the County of Mercer, Hopewell Township, the Hopewell Valley Regional School District and the City of Trenton for various services required by the Borough.

GENERAL COMMENTS

Contracts and Agreements Required to be advertised Per N.J.S.A. 40A: 11-4 (Cont'd.)

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed.

My examination of expenditures did not reveal individual payments, contracts or agreements in excess of \$17,500.00 "for the performance of any work or the furnishing or hiring of any materials or supplies," other than those where bids had been previously sought by public advertisement.

Upon inquiry of the various officials responsible for the purchases of materials, supplies, equipment, etc. for the Borough in relation to the Local Public Contracts Laws and Borough policies regarding the solicitation of quotations when the cost is \$2,625.00 or more, monitoring of change orders, quantities and unit prices of contracts, procedures presently in place were found to be good.

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 40A: 11-5, however, maximum amounts were not always designated.

Any interpretation as to possible violation of N.J.S.A. 40A: 11-4 and N.J.A.C. 5:30-14 would be in the province of the municipal solicitor.

Collection of Interest on Delinquent Taxes and Assessments

The statutes provide the method for authorizing interest and the maximum rates to be charged for the underpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body, on April 7, 1980 adopted a resolution increasing interest to be charged on delinquent taxes. The resolution provides for interest to be charged at the rate of 8% per annum on the first \$1,500 of the delinquency and 18% per annum to be charged on any amount in excess of \$1,500. No interest shall be charged if payment is made within ten days after the date upon which the same becomes payable.

An examination of the Collector's records indicated that interest on delinquent accounts was calculated in accordance with the foregoing resolution.

During 1991, legislation which permits the charging of a 6% penalty on any delinquency in excess of \$10,000, if not paid by the end of the fiscal year, was enacted and codified as an amendment to N.J.S.A. 54:4-67. As of January 3, 2006 the Borough passed a resolution requiring charging a 6% penalty for delinquent accounts in excess of \$10,000.

Delinquent Taxes and Tax Title Liens

There were no Tax Liens held by the Borough at December 31, 2009.

GENERAL COMMENTS

Interfund Balances

The following interfunds appear on the various balance sheets and should be cleared by cash transfers:

<u>Fund</u>	<u>Interfunds Receivable</u>	<u>Interfunds Payable</u>
Current Fund	\$93,113.99	\$0.00
Grant Fund		107,740.00
General Capital Fund	<u>40,000.00</u>	<u>25,373.99</u>
Total	<u>\$133,113.99</u>	<u>\$133,113.99</u>

Prior year-end interfund loan balances were not all cleared by cash transfers during the current period. All interfund balances should be cleared by cash transfers were feasible. Interfund balances were not material in amount and are not indicative of any cash-flow issues for any of the Borough's funds and accounts.

Cash Management/Investment of Idle Funds

The Chief Financial Officer has the idle funds of the Borough invested in interest-bearing accounts for the year under review. Earnings from the investments and deposits are shown in the various funds of the Borough as of December 31, 2009 and 2008.

All investments held by the Borough were directly confirmed as of December 31, 2009.

Condition of Records – Payrolls

During 2009 the payroll records were in good condition. Entries made in the Net Payroll and Deductions Ledger were referenced to their sources. A tracking was maintained of all void and/or reissued check which provided assurance that adjustments are made on the computerized record of earnings and deductions.

Payment of Claims

Claims were examined on a test basis for the year under review and they were found to be in generally good order, with only minor exceptions noted relating to missing certifications, approval signatures, and supporting documentation.

GENERAL COMMENTS

Purchase Order and Encumbrance System

The Borough's budgetary operation is on a full encumbrance system with the exception of payrolls and other direct costs. During 2000, the Borough switched computer software providers to provide for a full interface between the budget appropriations/miscellaneous disbursements subsidiary record and the general ledger.

The Borough utilized a purchase order system for its expenditures in connection with its budgetary accounting systems during the year under review. The accounting is processed on a data processing system for budgetary control. Tests of the system disclosed that compliance was good during the year. The use of confirming orders was reduced significantly except for the recreations department and economic development commission. Purchase orders were available for all cash disbursement transactions selected by us for testing.

It is recommended that the recreation department and the economic development commission discontinue the use of confirming orders.

Other Officials Collecting Fees

Our reviews of the records maintained for other officials collecting fees, which were designed to determine that minimum levels of internal controls and accountability were met, that cash receipts were deposited or turned over to the Treasurer's accounts within a 48 hour period as required by N.J.S.A. 40A: 5-15, that amounts charged were in accordance with the provisions of the Borough Code and that monthly financial reports are being submitted to the Finance Department timely.

During the current period, a portion of the cash balance for dedicated recreation programs, in the amount of \$50.00, was used to make improvements to certain recreation facilities. There were also fees collected for recreation programs during 2009 in the amount of \$378.00. The amount of expenditures for dedicated recreation programs was \$242 during 2009. This resulted in a net increase in available funds of approximately \$136.00 to \$800.29. This use of undesignated balances and/or accumulated program receipts benefits both the participants and the taxpayers. We believe that an annual status review, either formal or informal, of recreation program financing and needs assessment should continue for future periods.

Surety Bonds

The "List of Officials", included as part of the Supplementary Data section of this report, discloses the status of surety bond coverage's in effect at December 31, 2009. A review of surety bond coverage as of December 31, 2009, disclosed compliance with requirements, as promulgated by the Local Finance Board, State of New Jersey, for the Municipal Court and the Collector.

During July 1998 the Local Finance Board completed a readoption of the Board's general rules in the New Jersey Administrative Code. Based upon the new provisions of N.J.A.C. 5:30-8.3 and 8.4, local units are encouraged to utilize new recommended amounts in lieu of the minimum amounts in order to provide a higher level of security of public funds. The Bond the Borough has in force for the Municipal Court meets these suggested amounts. However, the amount for the tax collector should be increased meet the recommended amount.

GENERAL COMMENTS

Municipal Court

The financial records maintained by the Municipal Court during the period under review were found to be in good condition. The examination of the general account indicated that deposits were properly recorded and spread by receipt category, cash was reconciled monthly and disbursements were made to the appropriate agencies on a timely basis. The examination of the bail account's financial and supporting records maintained by the Municipal Court were found to be in good condition.

The processing of traffic and criminal cases entered on the State's on-line computer system was found to be good.

Condition of Records - Finance Office

The condition of the records maintained by the Finance Office were found to be in good condition. General ledgers were maintained for all funds as required by N.J.A.C. 5-30- 5.7.

Administration and Accounting for State & Federal Grants

The Borough operated various programs during 2007, which were funded in whole or in part by State or Federal grant assistance. These programs often vary as to the application and approval process, matching funds requirements, grant periods, required approvals for modification of budgets and the timing and frequency of financial reporting. A separate grant fund was maintained.

Condition of Records - Tax Office

The condition of the records maintained by the Tax Collector were found to be in good condition. Computerized real estate tax billings and billing adjustments were found to be in good order, with only minor reclassification and timing adjustments necessary. Cash collections were in proof with deposit totals as presented. Similarly, computerized records of utility billings and collections were found to be in good order.

Water and Sewer Utility Fund

The results of operation for the Water and Sewer Utility Operating Fund are set forth in Exhibit "D-1" of this report. Realized revenues amounted to \$1,314,668.77 and expenditures amounted to \$1,254,405.44 resulting in excess revenues of \$60,263.33. The calculation of "Self-Liquidating Purpose" utility operations per N.J.S.A. 40A: 2-45 resulted in an excess for debt statement purposes of \$39,822.79. A reconciliation of the excess revenues from operations (Exhibit D-1) and the excess in revenues for debt statement purposes is included in the "Notes to Financial Statements".

GENERAL COMMENTS

Compliance with Technical Accounting Directives

The Local Finance Board, State of New Jersey, adopted the following requirements, previously identified as “technical accounting directives”, as codified in the New Jersey Administrative Code, as follows:

N.J.A.C. 5:30 – 5.2 – Encumbrance Systems: This directive requires the development and implementation of accounting systems, which can reflect the commitment of funds at the point of commitment. The Borough of Pennington is in compliance with this directive.

N.J.A.C. 5:30 – 5.6 – Accounting for Governmental Fixed Assets: This directive requires the development and implementation of accounting systems which assign values to covered assets and can track additions, retirements and transfers of inventoried assets. The Borough of Pennington is not in compliance with this directive,

N.J.A.C. 5:30 – 5-7 – General Ledger Accounting System: This directive requires the establishment and maintenance of a general ledger for, at least, the Current Fund. The Borough is in compliance with this directive.

Compliance with Local Finance Notices

In accordance with Local Finance Notice No. CFO-10, Uniform Construction Code, expenditure records were tested for compliance with N.J.A.C. 5:23.17(c) 2, and no exceptions were noted.

RECOMMENDATIONS

That the recreation department and the economic development commission discontinue the use of confirming orders.

* * * * *

ACKNOWLEDGMENT

During the course of our engagement we received the complete cooperation of the various officials of the Borough, and the courtesies extended to us were greatly appreciated.

Should any questions arise as to our comments or recommendations or should you desire assistance in implementing our recommendations, please do not hesitate to contact us.

Respectfully submitted,

HODULIK & MORRISON, P.A.
