

2016 Notice Fall Leaf Collection in Pennington Borough

Borough Roads:

The Borough collects leaves curbside from **October 1 to January 1**. Due to an excessively dry summer this year, vacuum leaf collection is already underway. Leaves are collected approximately three days-a-week. Place leaves at the curb or the edge of the roadway and away from storm-water grates. Long rows are best; big piles slow us down. Do not place sticks, branches, stones, weeds or mulched grass/leaves into the leaf pile. Our equipment CAN NOT collect piles that are mixed with branches or any material other than leaves.

After January 1, there will be no curbside pick-up. All leaves should be placed in containers and lawn bags should be left open at the top.

Please contact Ricky Smith, Superintendent of Public Works 737-9440 with any questions.

County Roads:

Residents living on County Roads, **Ingleside Avenue, Main Street, Delaware Avenue, Pennington-Lawrenceville Rd, and West Franklin Avenue** are advised that the County has scheduled leaf collection in Pennington Borough for the week of **November 14, 2016**.

Residents are reminded to rake leaves into piles between the sidewalk and the curb, and away from storm-water grates. Crews will NOT pick up leaves mixed with twigs, sticks, stones or brush. Do not park cars on or in front of leaf piles. It creates a fire hazard and makes it impossible to pick up the leaves. Leaf Collection schedule is contingent upon the weather, condition of the equipment and other unforeseen emergencies.
