C. D. Sewage or other wastes containing unduly high concentrations of other substances which add to the operating costs of the sewage treatment works will be subject to a surcharge to be determined by the Borough on the basis of the character and volume for such sewage and wastes. Where, in the opinion of the Borough, sewage and other wastes of a deleterious character adversely affect the treatment processes, the Borough reserves the right to require that such sewage and wastes be treated by the contributor to remove or neutralize the objectionable substances before discharge into the sewers.

E. Base and usage charges shall be due on March 1, June 1, September 1 and December 1, except in 2017 the billing date for the first quarter water/sewer bills is extended to April 3, 2017 and the due date for the first quarter water/sewer bills is extended to May 1, 2017.

F. Premises introducing water into a permanent private pool may be allowed a reduction in the charge of sewer usage in an amount equal to the volume of water introduced into the pool. This will require the installation and rental of a temporary meter in conformance with the Borough Code.
